EXPLANATIONS.

Owing to the manner in which this chart is printed, the arrangements of families and the numbering is such as to make it a little obscure, but if the explanations here given are observed, there will be no difficulty in understanding the relations of the families to each other.

The number of the generation follows the name, and the number preceding the descendant is permanent and follows them through the book. By observing it any line is traced backward or forward.

m.—Denotes marriage.

Any corrections or additions to the following chart will be received with thanks by

WM. R. GRIFFITH,

900 Broadway, New York.
